Scholarships overview

In 2024/25, there were 10 awards available in total, shown below in brackets [] per scholarship .

The scholarships covered in the two-tiered assessment process by the School’s (Stage One) Postgraduate Advisors and (Stage Two) Panel were:

- [School of Social and Political Science PhD Scholarship](#) (2 Years for current student or 3 Years for future student, FTE) – [1] for current, [2] for future.
- [College of AHSS Research Awards Scholarship](#) (3 Years for future student, FTE) – [2]
- [Alice Brown PhD Scholarship](#) (4 or 5 years for current student or 6 Years for future student, PTE) – [3]
- [Chrystal Macmillan Studentship](#) (3 Years for future student, FTE) [1]
- [Edinburgh Doctoral College Scholarship](#) (3.5 Years for future student, FTE) [1]

The [Macqueen Scholarship](#) is assessed and awarded separately by the Social Work Subject Area to future PhD students.

All scholarships were advertised on the School’s [website](#), the University’s central scholarship pages, and via external platforms and social media channels. The closing dates was 1st February 2024 for all scholarships. Applications were submitted via the University’s EUCLID Scholarship Portal which was open for applications in December 2023. In order to be considered for any of the above scholarships, an applicant must have submitted an application to each one. They cannot be offered an award for a scholarship they have not applied for.

Application and progression figures

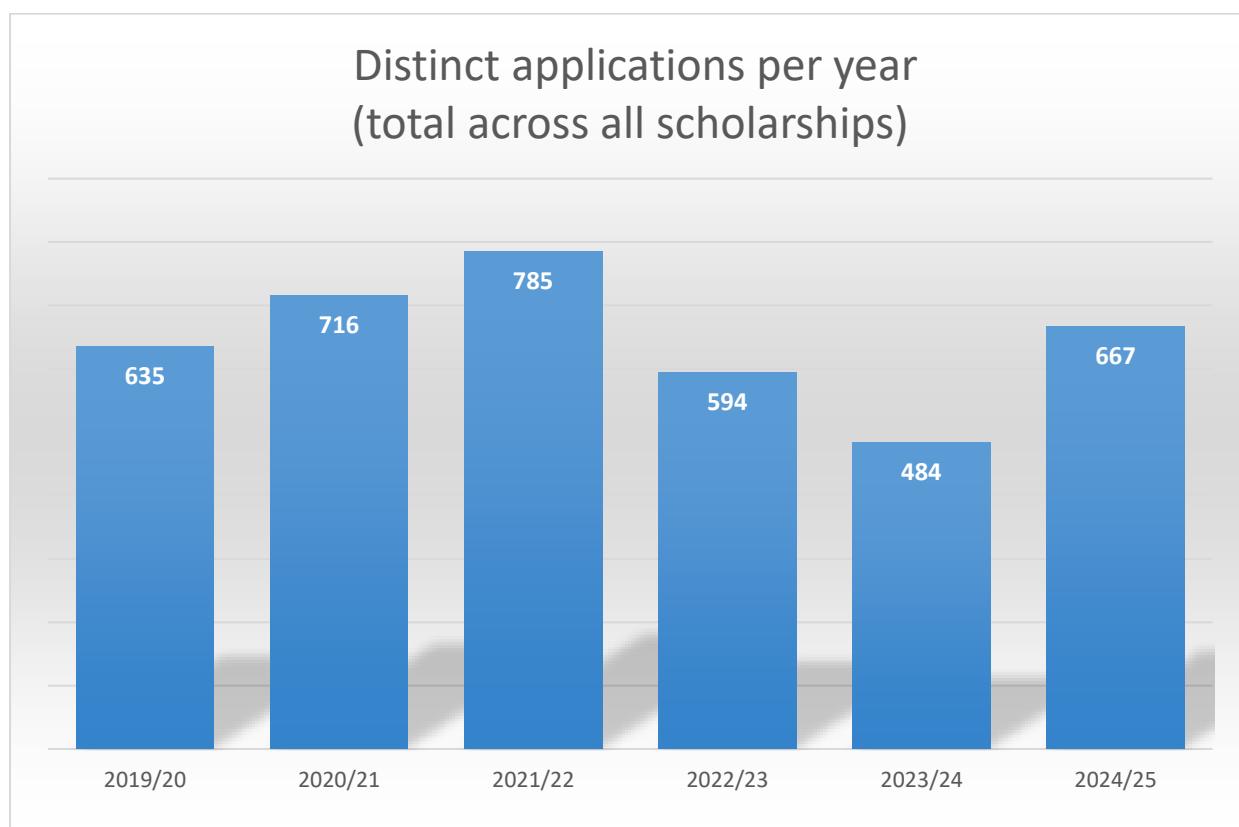

In this cycle, a total of 667 distinct applications were submitted by 209 eligible individual applicants applying for multiple awards. Following PG Admissions stage, the number of offer-holders passed to Postgraduate Advisors for Stage One assessment reduced to 520 applications from 160 individual applicants. Stage Two comprised of 147 applications from 54 individual applicants.

As per last year's recruitment cycle, the following measures were in place to attempt better management of applicant expectations in relation to the likelihood of receiving an award.

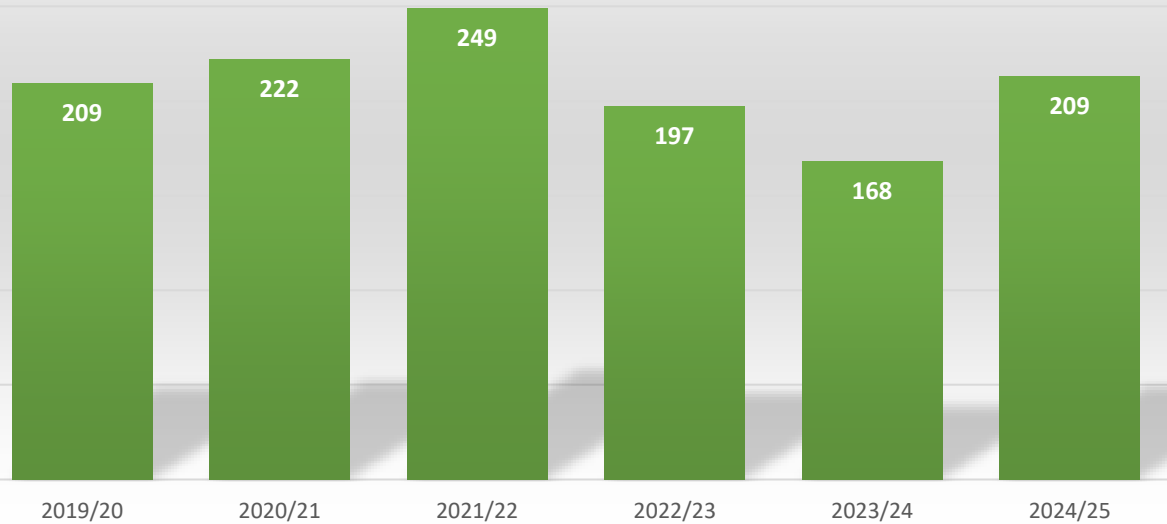

- publishing application versus award numbers on our scholarships webpages
- mandatory naming of Principal Supervisor on their PhD programme application, and agreement in principle before their scholarship application
- encouragement to take the online self-assessment tool to determine likelihood of being shortlisted, available on our scholarship website
- stronger dialogue from supervisors and PGAs to prospective applicants on chance of success
- PGAs and supervisors being selective in which applicants they are willing to support for scholarship applications

However, this year there was a significant 38% increase of 183 additional scholarship applications by 41 additional applicants (an increase of 25%) compared to last year. Following a marked drop in the two previous years, reasons for the increase are not clear.

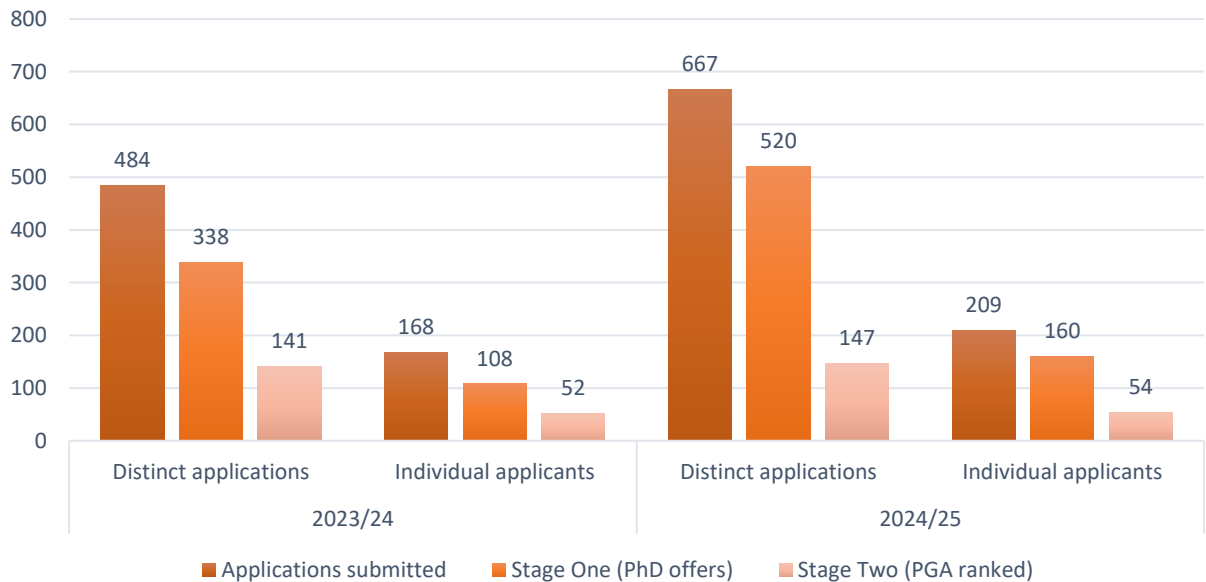

Comparison figures to previous cycles are shown below.

Stage One *application* numbers by Subject Area - yearly comparison

Current 1st Year full-time equivalent PhD students were eligible to apply for the School of SPS Award (2 Years FTE) and the Alice Brown PhD Scholarship (4-5 Years PTE). 18 eligible individual students applied – 14 applied for the SPS Award and 4 for Alice Brown.

The full statistical breakdown for all awards in 2024/25 can be found in the [Appendix](#). Note that while cascading to reserves has already taken place, it is possible that future cascading may occur.
